CEMETERY RULES

For Erie Township

Attention Cemetery Lot Owners

Grounds improvement and beautification are major objectives of Erie Township. Gravesite compliance to rules governing floral arrangements, trees, bushes, statuary, fencing, etc. is a major first step toward achieving these goals. As specified in the "Cemetery Rules" no. 4 below and also available at the Township, all floral arrangements will be removed in early March. It is also planned to remove other disallowed items in this first walk through of the grounds. Please consult the Cemetery Rules and assure that your loved one's gravesite is in line with these requirements.

Questions may be directed to Erie Township Clerk, Jolene Upchurch @ 734-848-5915 ext.2
